**The guidelines for designing Stratus Lantern roofs are as follows: -**

1. Fixed 20° pitch
2. No Jack rafters
3. 24mm glazing only
4. Minimum ridge length 140mm
5. Maximum rafter spacing 1500mm based on **E.T.U** size
6. External caps are aluminium, internal PVC-u. Stock colours are white, anthracite grey & black. We can powder coat to any RAL please ask for further information
7. Sizes relate to external face of timber up-stand (**E.T.U**)
8. For optimum looks: -  
 Width x 1.5/2/2.5  
 Example 1400 (w) x 2100 (l)

**PLEASE GIVE EXTERNAL TIMBER UPSTAND MEASUREMENTS E.T.U**

The required timber upstand size is 100mm x 150mm

You must advise us if different. Please call to check ETU sizes before creating the opening, to make sure lantern will look aesthetically pleasing
